***We invite you to join us for the second part of our
Summer Series and the Obstacle Challenge!***

Each month we will feature an Obstacle Challenge as well as training clinics by industry professionals, demonstrations, and entertainment.

Be sure not to miss the opportunity to compete in the Obstacle Challenge!

You've heard of the Extreme Cowboy Races and the Ultimate Horsemen's Challenge Association Events – well the Obstacle Challenge is a combination of both of these exciting demonstrations of horsemanship skills. This competition, held on an outdoor course, is timed and judged as horse and rider teams race through a series of trail obstacles. Contestants will compete monthly for **\$2500 in cash and other prizes**. The overall Obstacle Challenge Champion, determined by horse and rider accumulative points, will receive a Bronco Poley Saddley Package from the Australian Stock Saddle Company.
